High Security Checks

Uncompromised Check Solutions provides state-of-the-art product offerings for secure, software compatible checks and forms. Using Uncompromised Checks greatly reduces liability in check fraud loss. Even the lowest security level exceeds all the requirements to qualify as a high-security check.

Level 1: Uncompromised Checks

An economical option that provides well above the minimum eight security features needed to qualify as a “high-security check.” The unique check background design is available in 10 colors and the face of the document contains a heat-reactive, thermochromic icon. Additionally, the back has a chemical wash warning box.

Available Colors:

Level 2: Uncompromised Plus

In addition to the security features available in the Uncompromised level, Uncompromised Plus includes an invisible fluorescent logo printed in the signature area of the check. The Uncompromised Plus check background is distinct in design, difficult to duplicate and available in four colors.

Available Colors:
